Re: Coal Fired Power Plants

Dear Ms. Frank:

Recently my staff was approached by a retired defense contractor questioning EPA policy to keep information from the public showing the cleanliness of coal fired power plants. The constituent, who asks I refrain from providing his identity, states under the threat of licensure, the public cannot be told how clean the plants actually are, and he asks how this policy can be changed.

I would appreciate any assistance you could providing in responding to his questions. Please direct your response to my Cedar Rapids office. Please note my Cedar Rapids address is 150 1st Avenue NE, Suite 325, Cedar Rapids, IA 52401.

Thank you for your attention to my request.

Sincerely,

Charles E. Grassley
United States Senator
